Register for an Astra Control account

Sign up to NetApp Cloud Central and then complete the registration process to obtain an Astra Control account.

Sign up to Cloud Central

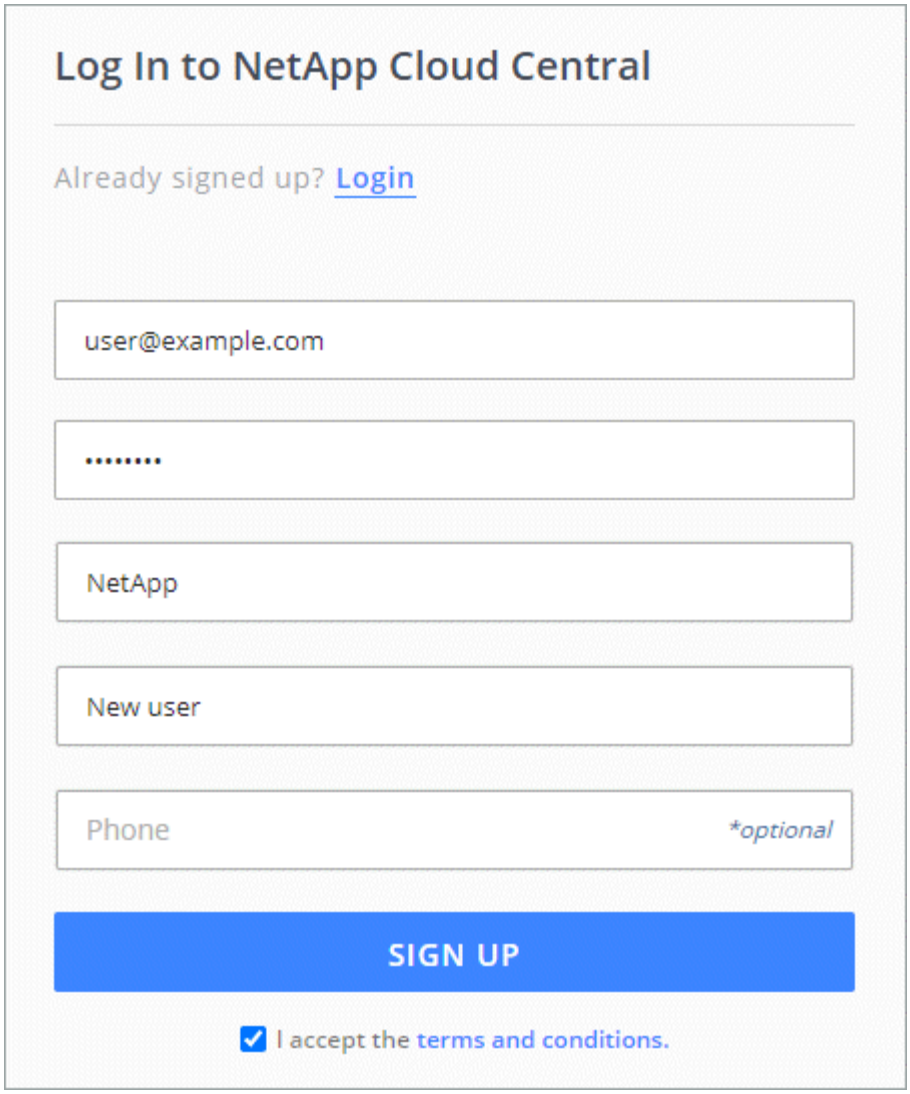
Astra Control Service is integrated within NetApp Cloud Central's authentication service. Sign up to Cloud Central so you can access Astra Control Service and NetApp's other cloud services.

You can use single sign-on to log in to Cloud Central using credentials from your corporate directory (federated identity). To learn more, go to the Cloud Central Help Center and then click **Cloud Central sign-in options**.

Steps

1. Open your web browser and go to NetApp Cloud Central.
2. In the top right, click **Sign up**.
3. Fill out the form and click **Sign up**.

The email address that you enter in this form is for your NetApp Cloud Central user ID. Use this Cloud Central user ID when you sign up for a new Astra Control account, or when an Astra Control admin invites you to an existing Astra Control account.



4. Wait for an email from NetApp Cloud Central.
5. Click the link in the email to verify your email address.

Result

You now have an active Cloud Central user login.

Register for an account

Before you can log in to Astra Control, you need to complete a registration process to obtain an Astra Control account.

When you use Astra Control, you'll manage your apps from within an account. An account includes users who can view and manage the apps within the account, as well as your billing details.

Steps

1. Go to the Astra Control page on Cloud Central.
2. Click **Sign up for the Free Plan**.
3. Provide the required information in the form.

   A few important things to note as you fill out the form:

- Your business name and address must be accurate because we verify them to meet the requirements of Global Trade Compliance.
- The **Astra Account Name** is the name of your business's Astra Control account. You'll see this name in the Astra Control user interface. Note that you can create additional accounts (up to 5), if that's required for your needs.

4. Click **Submit**.

   If you're logged in to Cloud Central already, you'll see a registration status and then you'll be redirected to the Astra Control Dashboard. Otherwise, you'll be prompted to log in first.

   Now that you're registered, you can access Astra Control directly from https://astra.netapp.io.
