Register for support

Astra Control attempts to automatically register your account for support when you set up your account. If it can't, then you can manually register for support yourself. Support registration is required to obtain help from NetApp technical support.

Verify your support registration

Astra Control includes a Support Status field that enables you to confirm your support registration.

Steps

1. Click **Support**.
2. Take a look at the Support Status field.

The Support Status starts off as "Not Registered" but then moves to "In-Progress" and finally to "Registered" once complete.

This support registration status is polled every 15 minutes. New NetApp customers could take up to next business day to complete onboarding and support registration. If the serial number doesn't show "Registered" within 48 hours, you can reach out to NetApp using astra.feedback@netapp.com or register manually from <https://register.netapp.com>.

Obtain your serial number

When you register for an account, Astra Control uses the information that you provided about your company to generate a 20-digit NetApp serial number that starts with "941."

The NetApp serial number represents your Astra Control account. You'll need to use this serial number when opening a web ticket.

You can find your serial number in the Astra Control interface from the **Support** page.

Activate support entitlement

If Astra Control was unable to automatically register your account for support, then you must register the NetApp serial number associated with Astra Control to activate support entitlement. We offer 2 options for support registration:

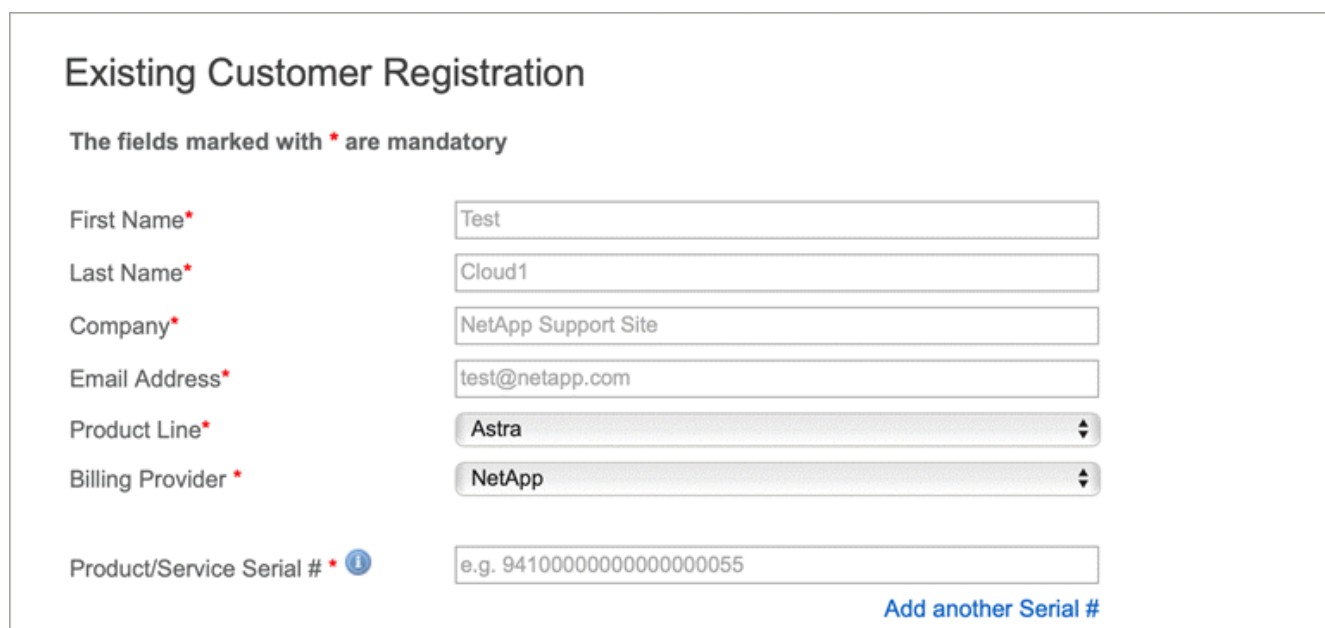

1. Current NetApp customer with existing NetApp Support Site (NSS) SSO account
2. New NetApp customer with no existing NetApp Support Site (NSS) SSO account

Option 1: Current NetApp customer with an existing NetApp Support Site (NSS) account

Steps

1. Navigate to the [Cloud Data Services Support Registration](#) page to create an NSS account.
2. Click **I am already registered as a NetApp customer.**
3. Enter your NetApp Support Site credentials to log in.

The Existing Customer Registration page displays.

The screenshot shows the 'Existing Customer Registration' form. At the top, it says 'Existing Customer Registration' and 'The fields marked with * are mandatory'. The form has several fields: 'First Name*' with the value 'Test', 'Last Name*' with 'Cloud1', 'Company*' with 'NetApp Support Site', 'Email Address*' with 'test@netapp.com', 'Product Line*' with a dropdown menu showing 'Astra', and 'Billing Provider*' with a dropdown menu showing 'NetApp'. There is also a 'Product/Service Serial #' field with an information icon and the example value 'e.g. 94100000000000000055'. A link 'Add another Serial #' is at the bottom right.

4. Complete the required information on the form:
 - a. Enter your name, company, and email address.
 - b. Select **Astra** as the product line.
 - c. Enter your serial number.
 - d. Click **Submit Registration**.

Result

You should be redirected to a "Registration Submitted Successfully" page. The email address associated with your registration will receive an email within a couple minutes stating that "your product is now eligible for support."

This is a one-time support registration for the applicable serial number.

Option 2: New NetApp customer with no existing NetApp Support Site (NSS) account

Steps

1. Navigate to the [Cloud Data Services Support Registration](#) page to create an NSS account.
2. Click **I am not a registered NetApp Customer**.

The New Customer Registration page displays.

New Customer Registration

IMPORTANT: After submitting, a confirmation email will be sent to the email address filled-in the form. Please click the validation link in that email to complete the registration.

The fields marked with * are mandatory

First Name*	<input type="text"/>
Last Name*	<input type="text"/>
Company*	<input type="text"/>
Email Address*	<input type="text"/>
Office Phone*	<input type="text"/>
Alternate Phone	<input type="text"/>
Address Line 1*	<input type="text"/>
Address Line 2	<input type="text"/>
Postal Code / City*	<input type="text"/>
State/Province / Country*	<input type="text" value="- Select -"/>
NetApp Reference SN	<input type="text"/>
<small>If you currently own any other NetApp product, please provide the Serial Number for that product here in order to help speed-up the validation process.</small>	
Product Line*	<input type="text" value="Astra"/>
Billing Provider *	<input type="text" value="NetApp"/>
Product/Service Serial # * 	<input type="text" value="e.g. 94100000000000000055"/>

[Add another Serial #](#)

3. Complete the required information on the form:
 - a. Enter your name and company information.
 - b. Select **Astra** as the Product Line.
 - c. Enter your serial number.
 - d. Click **Submit Registration**.

You will receive a confirmation email from your submitted registration. If no errors occur, you will be re-directed to a "Registration Submitted Successfully" page. You will also receive an email within an hour stating that "your product is now eligible for support".

This is a one-time support registration for the applicable serial number.

4. As a new NetApp customer, you also need to create a NetApp Support Site (NSS) user account for future support activations and for access to the support portal for technical support chat and web ticketing.

Go to the [NetApp Support Registration site](#) to perform this task. You can provide your newly registered Astra Control serial number to expedite the process.
